# ABOUT US

We are a consulting firm specialized in providing professional consulting services to the public sector. Starting operations in 2010, we advise, and work together in order to achieve tangible results, through our experience, knowledge and commitment.

We are part of the international network of consulting companies of Auren-Antea, with presence in more than 60 countries and 200 offices worldwide.

Our consulting services in the areas of infrastructure development and public services are certified by the National Board of Consulting Companies (CNEC), offering our clients the finest service by applying the best practices of each sector.

Member of

Alliance of  
independent firms

# MISSION

To be a leading, well-positioned consulting company in a reliable and authentic environment.

# VISION

Provide competitive and innovative solutions within a framework of professional commitment and client service.

# CONSULTING

Our Consulting division focuses on increasing the competitiveness and efficiency levels of public and private organizations. We advise and provide support to our clients in the design, implementation and management of their strategy, as well as the measurement and evaluation of their results. We assist our clients in the design of solutions resulting in a more efficient organization and operation.

## **Our services are:**

- Strategic planning
- Programming and budgeting
- Public finance
- Organizational development
- Process management
- Legal and regulatory

# INFRASTRUCTURE AND PUBLIC SERVICES

The infrastructure and Public Services division provides a unified service offer that goes from conceptualization, design, feasibility studies, and the design and implementation of infrastructure projects to the execution process under public schemes and public private partnership. We provide support to our clients to successfully complete their projects, maintaining control during their life cycle, and facilitating scope and quality compliance under an effective use of time, resources and costs.

## **Our services are:**

- Public-private partnerships
- Project evaluation
- Project design and development
- Project management
- External supervision
- Mobility
- Master plans and executive projects
- Public procurement processes
